# Ways to Use Numbers

PS 1-1

**Birdhouses** Carmen and her mother are building birdhouses. First, they measured 6 ft of wood. Second, they cut the wood. Third, they nailed the pieces of wood together. Carmen and her mother made three birdhouses.

1. What ordinal numbers are in the story about building birdhouses?

\_\_\_\_\_

2. What number is used as a measurement in the story?

\_\_\_\_\_

3. What number is used as a count in the story?

\_\_\_\_\_

**Lunch Time** Four students were in line in the lunch room. Martha was not first or fourth. Cory was ahead of Martha but behind Ricci. Greg was behind Martha.

4. What ordinal numbers are mentioned in the lunch time story?

\_\_\_\_\_

5. Write the order of the students in line from first to fourth.

\_\_\_\_\_

6. **Writing in Math** Write a sentence about a time you used a number to measure.
